DOCKET NO. 2025-0005

PUBLIC CONSENT ORDER

By agreement of the Georgia State Board of Registration for Professional Engineers and Land Surveyors ("Board") and Anthony Garmon ("Respondent"), the following disposition of this matter is entered pursuant to the provisions of the Georgia Administrative Procedure Act, O.C.G.A. § 50-13-13(a)(4), as amended.

FINDINGS OF FACT

1.

Respondent currently holds a certificate of registration to practice as a professional land surveyor in the State of Georgia and was so licensed at all times relative to the matters herein.

2.

In 2025, the Board received complaints against the Respondent. The complaints alleged that Respondent prepared and sealed plans with multiple, notable plat deficiencies.

3.

The Board received and reviewed supporting evidence that Respondent prepared and sealed plans that did not meet the minimum standard for professional land surveyors.

4.

Respondent did not conform to the minimum standards and specifications in the practice of land surveying, including but not limited to, the following:

(a) plans submitted under Respondent's seal lacked adequate detail and accuracy for the work represented, posing threat to the safety, health, and welfare of the public in violation of O.C.G.A. § 43-15-22 and GA. COMP. R. & REGS. 180-6-.02;

(b) plans submitted under Respondent's seal lacked required elements, in violation GA. COMP. R. & REGS. 180-12-.02(3);

(c) plans submitted under Respondent's seal did not conform to the standards described in O.C.G.A. § 15-6-67 and GA. COMP. R. & REGS. 180-7-.07; and

(d) failed to conform to the minimal reasonable standards of acceptable and prevailing practice of professional land surveying, in violation of O.C.G.A. § 43-1-19(6).

5.

Respondent admits the above findings of fact and waives any further findings of fact with respect to the above-styled matter.

CONCLUSIONS OF LAW

Respondent's conduct and the above Findings of Fact constitute sufficient grounds to sanction Respondent's certificate of registration to practice as a professional land surveyor in the State of Georgia, under O.C.G.A. Title 43, Chapters 1 and 15. Respondent hereby waives any further conclusions of law with respect to the above-styled matter.

ORDER

The Board, having considered all the facts and circumstances surrounding this case,

hereby orders and Respondent hereby agrees to the following:

1.

Respondent's license shall be placed on **PROBATION** for a period of **six (6) months** under the following terms and conditions:

(a) Respondent shall submit **five (5)** boundary surveys to the Board for review. Said plans shall be sent to the Georgia State Board of Registration for Professional Engineers and Land Surveyors, 229 Peachtree St NE, Suite 1875, Atlanta, Georgia 30303. Failure to comply **within six (6) months** of the docket date shall be deemed a violation of this Consent Order and may result in further sanctions against Respondent's license, including revocation.

(b) Respondent agrees to comply with all applicable state and federal laws relating to the practice of professional engineering. If Respondent fails to abide by all state and federal laws relating to the practice of professional engineering in the State of Georgia, the Rules and Regulations of the Georgia Board of Registration for Professional Engineers and Land Surveyors, or the terms of this Consent Order and probation, Respondent's license may be suspended, upon substantiation thereof. If the Board has substantiated that Respondent has violated the terms of his probation under this Consent Order, the Board shall notify Respondent by sending written notification to Respondent's address of record with the Board that within thirty (30) days his license to practice engineering in the State of Georgia will be placed on suspended status for the twenty four (24) month period. Respondent may respond to the notice in writing or request an appearance before the Board in order to explain why the probation should be continued and no suspension imposed.

(c) After Respondent's license has been on probation for **six (6) months**, Respondent may petition the Board for termination of the probationary status of his license by certifying under oath before a notary public that Respondent has complied with all conditions of probation as set forth in this Consent Order. *Respondent acknowledges that to ensure the Board terminates the probationary status of Respondent's license, Respondent must petition the Board for such termination.* That is, Respondent's failure to petition the Board for termination of the probationary status of Respondent's license may result in the probationary status continuing indefinitely, notwithstanding anything to the contrary in this Consent Order.

2.

Approval of this Consent Order by the Board shall in no way be construed as condoning Respondent's conduct, and shall not be construed as a waiver of any of the lawful rights possessed by the Board.

3.

Respondent acknowledges that Respondent has read this Consent Order and understands its contents. Respondent understands that Respondent has the right to a hearing in this matter and freely, knowingly and voluntarily waives that right by entering into this Consent Order. Respondent understands and agrees that a representative of the Department of Law may be present during the Board's consideration of this Consent Order and that the Board shall have the authority to review the investigative file and all relevant evidence in considering this Consent Order. Respondent further understands that this Consent Order will not become effective until approved by the Board and docketed by the Division Director of the Professional Licensing Boards Division. Respondent understands and that this Consent Order, once approved and

docketed, shall constitute a public record, evidencing disciplinary action by the Board. However, if this Consent Order is not approved, it shall not constitute an admission against interest in this proceeding, or prejudice the right of the Board to adjudicate this matter. Respondent hereby consents to the terms and sanctions contained herein.
